A Division of Wilson & Nicholson – Furniture Design Since 1938

*******Celebrating 75 Years*******

Dear Manager,

Summer 2013

We would like to remind you of the service we offer.

As a division of Wilson & Nicholson, a respected furniture manufacturer and retailer of top quality lounge suites for seventy five years, Home Furniture Rentals has been renting furniture for twenty years and has an experienced and creative Home Staging division, with a successful eight year history of House Dressing.

As presentation of the home's interior is one of the keys to securing an early sale at optimum price, we offer a wide range of furniture and accessories, from traditional through to contemporary styling, to cater for all types of decor. Typical room settings can be viewed in our Gallery section, on the website as below.

As can be seen on the Pricelist enclosed, our Houselot Package Prices for Home Staging are very attractive, as we are currently offering one bedroom for free. Furthermore, if the house does not sell during the first month, the Package can be **extended at a 50% Discount.**

We have the experience, the range of furniture and the prices to help.

Please share this information with your team and should you require any further information, we can be contacted as below.

Best wishes for 2013,

The Team at Home Furniture Rentals.
